After consolidation with Travelzoo, Jack’s Flight Club's net loss was \$121,000, with \$73,000 attributable to Travelzoo as a result of recording \$284,000 of amortization of intangible assets related to the acquisition.

In June 2020, Travelzoo sold its subsidiary in Japan, Travelzoo Japan K.K., to Mr. Hajime Suzuki. In connection with the sale, Travelzoo and Travelzoo Japan K.K. entered into a royalty-bearing licensing agreement for the exclusive use of Travelzoo members in Japan. In August 2020, Travelzoo sold its Singapore subsidiary to Mr. Julian Rembrandt and entered into a royalty-bearing licensing agreement for, among other things, the exclusive use of Travelzoo's members in Australia, New Zealand, and Singapore. Under the licensing agreements, Travelzoo's existing members in Australia, Japan, New Zealand, and Singapore will continue to be owned by Travelzoo as the licensor. Licensing revenue is booked with a lag of one quarter. Licensing revenue from Japan of \$9,000 generated in Q4 2020 was recognized in Q1 2021.

The Asia Pacific business has been classified as discontinued operations since March 31, 2020. Prior periods have been reclassified to conform with the current presentation. Certain reclassifications have been made for current and prior periods between the continued operations and the discontinued operations in accordance with U.S. GAAP.

Income Taxes

Income tax expense was \$742,000 in Q1 2021, compared to an income tax benefit of \$517,000 in the prior-year period.

Non-GAAP Financial Measures

Management calculates non-GAAP operating income when evaluating the financial performance of the business. Travelzoo's calculation of non-GAAP operating income, also called "non-GAAP operating profit" in this press release and today's earnings conference call, excludes the following items: impairment of intangibles and goodwill, amortization of intangibles, stock option expenses, and severance-related expenses. This press release includes a table which reconciles GAAP operating income to the calculation of non-GAAP operating income. Non-GAAP operating income is not required by, or presented in accordance with, generally accepted accounting principles in the United States of America ("GAAP"). This information should be considered as supplemental in nature and should not be considered in isolation or as a substitute for the financial information prepared in accordance with GAAP. In addition, these non-GAAP financial measures may not be the same as similarly titled measures reported by other companies.

Looking Ahead

We currently expect for Q2 2021 to report significantly higher revenue and profitability. We see a trend of recovery of our revenue. We have been able to reduce our operating expenses, and we believe we can contain many of the lower costs in the foreseeable future.

Conference Call

Travelzoo will host a conference call to discuss first quarter results today at 11:00 a.m. ET. Please visit <http://ir.travelzoo.com/events-presentations> to download the management presentation (PDF format) to be discussed in the conference call; and access the webcast.
